Xiaohan Ding

Tel: +1 (571)-295-0253   **Email**: *xding2@masonlive.gmu.edu*

Research group: http://lac.gmu.edu/sInvestigator/Project.html

EDUCATION

George Mason University	*Fairfax, VA, United States*

Master of Computer Science (Concentration in Machine Learning)   *08/2019 - present*

Overall GPA: **3.67/4.0**

University of Jinan	*Jinan, Shandong, China*

Bachelor of Engineering in Network Engineering,   *08/2014 – 06/2018*

Cumulative GPA: **3.58/4.0; 88.82/100**

First-class merit-based scholarship for 2017, 2018; Best Graduation Thesis

Southeast University	*Nanjing, Jiangsu, China*

Online Course   *04/2017 – 05/2017*

RESEARCH EXPERIENCE

Graduate Research Assistant (Learning Agents Center)	*George Mason University*
Supervised by Professor **Gheorghe Tecuci**, George Mason University	*06/2020 -- present*

- Created Evidence-based Reasoning research
- Help students develop critical thinking skills in addressing scientific problems
- Formulate competing hypotheses to answer a scientific inquiry
- Test the hypotheses based on the discovering evidence

Data Analysis of COVID-19 based on Different Factors in USA　　　*George Mason University*

Supervised by Professor **Jessica Lin**, George Mason University　　　*03/2020 -- 06/2020*

- Created Infectious Disease Model
- Created regression model with policy analysis and predictive model
- In-depth analysis of the impact factor intensity based on PDP

Online Detecting Malicious Mobile Apps based on Network Traffic Analysis　　　*University of Jinan*

Supervised by Professor **Zhenxiang Chen**, University of Jinan　　　*02/2017--12/2017*

- Participated in designing cluster-based Android network traffic collecting platform
- Collected 1tb mobile data traffic
- Applied automatic facilitation technology to the activity components during the traffic collecting process

Development of Enterprise Asset Information Management System　　　*University of Jinan*

Supervised by Professor **Liu Kun**, University of Jinan　　　*09/2016-12/2017*

- Responsible for developing Android asset information display system
- Designed splash screen and UI & Wrote jump routine for each activity

Development of Postgraduate Teaching Management System　　　*University of Jinan*

Supervised by Professor **Liu Kun**, University of Jinan　　　*12/2014-12/2015*

- Engaged in system performance test and analysis
- Involved in post-improvement of system, including UI furnishing, art design, and code perfection
- Obtained software copyright

INTERNSHIP EXPERIENCE

Jinan Kingmon Information Technology Co., LTD　　　*Jun.-Oct. 2018*

- Position: Internet Programmer
- Engaged in developing the Student Capability Data System
- Learned blockchain technology and its applications

OTHER EXPERIENCE

MIT & CASC Leadership Summer Camp　　　*University of California, Santa Barbara*

MIT Sloan School of Management; University of California, Santa Barbara　　　*Summer 2016*

- Proposed an idea of developing a healthy diet APP for calorie controlling and completed its UI design within the team
- Promoted personal goal setting, time management, project planning, teamwork, and communication skills
- Attended a three-day staff development program

HONORS

- Best graduation thesis of University of Jinan　　　*2018*
- First-class merit-based scholarship for *Fall 2017* semester, *Summer 2018* semester　　　*2017,2018*
- The third place in Qilu Software Competition (Regional)　　　*10/2017*
- "Most popular individual" award and the third-place award in *National Internet Software Design Competition* for College Students　　　*04/2017*
- Certificate for EMC Academic Associate, Information Storage and Management　　　*2016*
- The best debater in school debate competition (Team leader of school debate team)　　　*2014*

COMPUTER SKILLS

Python, Android, Java, JavaScript, MySQL, Solidity, Blockchain, Spark
